

## Year 6 Homework Term 3 Week 4

**Spellings:** Use your sheet to practise verb words but make sure you know what the words mean and can think of related words.

**Tables:** Which times tables are you going to learn this week? \_\_\_\_\_ How are you going to practise them? \_\_\_\_\_

**Reading:** You have heard all the presentations now. Which one stands out to you and why? Is there a book you would like to read having heard the review?

**This is instead of a daily record. Write your paragraph across the lines for this whole week.**

***Hand in your reading record on FRIDAY please.***

**Maths: Area of Compound Shapes**

Use all the new skills you have to work out the area of the compound shapes carefully.

Try to learn the formulae that we have discovered for rectangles, triangles, trapeziums, parallelograms and volume of cuboids. Try to teach it to someone in your family.

Leave a note in the Yeti box if you struggle with anything.

**Literacy/SPAG: SPAG mat**

Read the questions carefully and answer them on the sheet clearly. We have covered everything on the sheets so you should be able to do them. if you struggle with something, ask for help in the yeti box.

**HOMEWORK IN ON TUESDAY AT THE LATEST PLEASE.**

REMINDERS: Letter slips for Soldier workshop next week; swimming kit on Friday; SATS information meeting for parents on Friday at 3.15pm.
