

School Council Meeting Minutes

14.04.16

School Council meeting led by: Libbi and Melanie
Minutes written by: Mrs Nind

The School council decided to work on developing the school Playground Charter.

They came up with the following ideas:

- We should include Rights from the Charter
- We should help people when they are hurt
- We could have a poster
- Each day a class could be awarded for the best class playtime
- Each class could have a marble jar and be awarded a marble each time they have a good playtime, once they have a jar full of marbles they could have a special treat like a visit to the park
- Don't interrupt people who are having fun

School Council decided to focus on the following articles for the Playground Charter:

- Article 13: freedom of expression
- Article 31: leisure, play and culture
- Article 24: health

Each school council member will discuss with their class ideas of how both adults and children can support the three chosen articles.

Each school council member (from year 2 upwards) over the next two weeks will design a poster for the Playground Charter.
