

Areas of Learning:

As historians we will learn about changes in crime and punishment from the Anglo-Saxons to the present. We will also be studying Ancient Greece - looking at their life and achievements and their influence on the western world.

As Scientists we will be exploring the circulatory system and finding out how to keep our bodies healthy. We will also be studying plants and linking this to our STEM project with Oxford University with a focus on bees and pollen.

As artists we will do observational drawings; discover art from Ancient Greece through various media including clay and we will create art inspired by our pollen project.

We will have an Ancient Greek workshop by Portals from the Past in Term 6 and we have a Kidzfit workshop arranged to promote healthy, active lives.
