

# **E-LEARNING CODE OF CONDUCT- YOUNG USERS**

You should:

- Always follow the instructions of your teacher.
- Only visit the website or webpage that your teacher has asked you to visit. Only open the app or any other piece of software that your teacher has asked you to open.
- Look after all the devices in your classroom and around the school.
- Tell a teacher immediately if you see, hear or read anything which makes you feel upset or worried while using a device.
- Ask a teacher for help if you are unsure about anything you are doing on a device.
- Keep your own passwords safe and never use somebody else's password.
- Never share any personal information online including things like your real name, address, date of birth, telephone numbers or school.
- Never communicate with strangers online.
- Always be nice and polite when you send messages to other users or post something online. Never use bad language in a message or post.
